**National RTAP's Webinar, How to Measure and Report Your Impacts, is Now Available for Replay**

[Click here for a full replay](#) of How to Measure and Report Your Impacts, which shares how rural transit providers can measure and report their impact and why this is important to their long-term survival and growth. The webinar reviews case studies of what works, and shows step by step how a rural transit provider can implement proven methodologies to build and package a compelling story.

**Sign Up for NTI's Webinar, Narrowbanding: Are You Prepared?**

NTI will host a one-day webinar, Narrowbanding: Are You Prepared? on October 19<sup>th</sup> and on November 4<sup>th</sup>. Make sure you know the rules about VHF and UHF transmissions before the 2013 deadline. Hear from one of the industry's leading lawyers on the real rules and clear up the misconceptions on narrowbanding. [Sign up here.](#)

**Is Your Transit Organization Ready for Winter Weather?**

TRB will conduct a webinar on Tuesday, September 21 from 2:00 p.m.–3:30 p.m. EDT that will explore winter weather and the impact on drivers and transportation operations. [Sign up here by September 20<sup>th</sup>.](#)

**Make Plans for the National Rural Public and Intercity Bus Transportation Conference**

TRB is sponsoring the 19<sup>th</sup> National Rural Public and Intercity Bus Transportation Conference on October 24-27, 2010, in Burlington, Vermont. This conference is designed to address key rural public and intercity bus transportation themes. For more information, please [click here.](#)

**Become a Peer & Recruit a Peer**

The National RTAP Peer-to-Peer Program is a free national network of transit professionals who work to promote the success of rural transit by linking knowledgeable professionals together to provide each other with problem-solving support. [Click here to get started!](#)

A program of the Federal Transit Administration administered by Neponset Valley TMA
